Bowls Club

"I am getting used to using Clubtreasurer and decided to set up an event. This event spans two financial years, so I was interested to see how the software dealt with this. I have to say that I am extremely impressed at the way in which this is handled - brilliant multi-year event reports while maintaining current year profit and loss - really useful and unique in my experience of account packages. Thank you so much for this excellent package. Worth every penny."

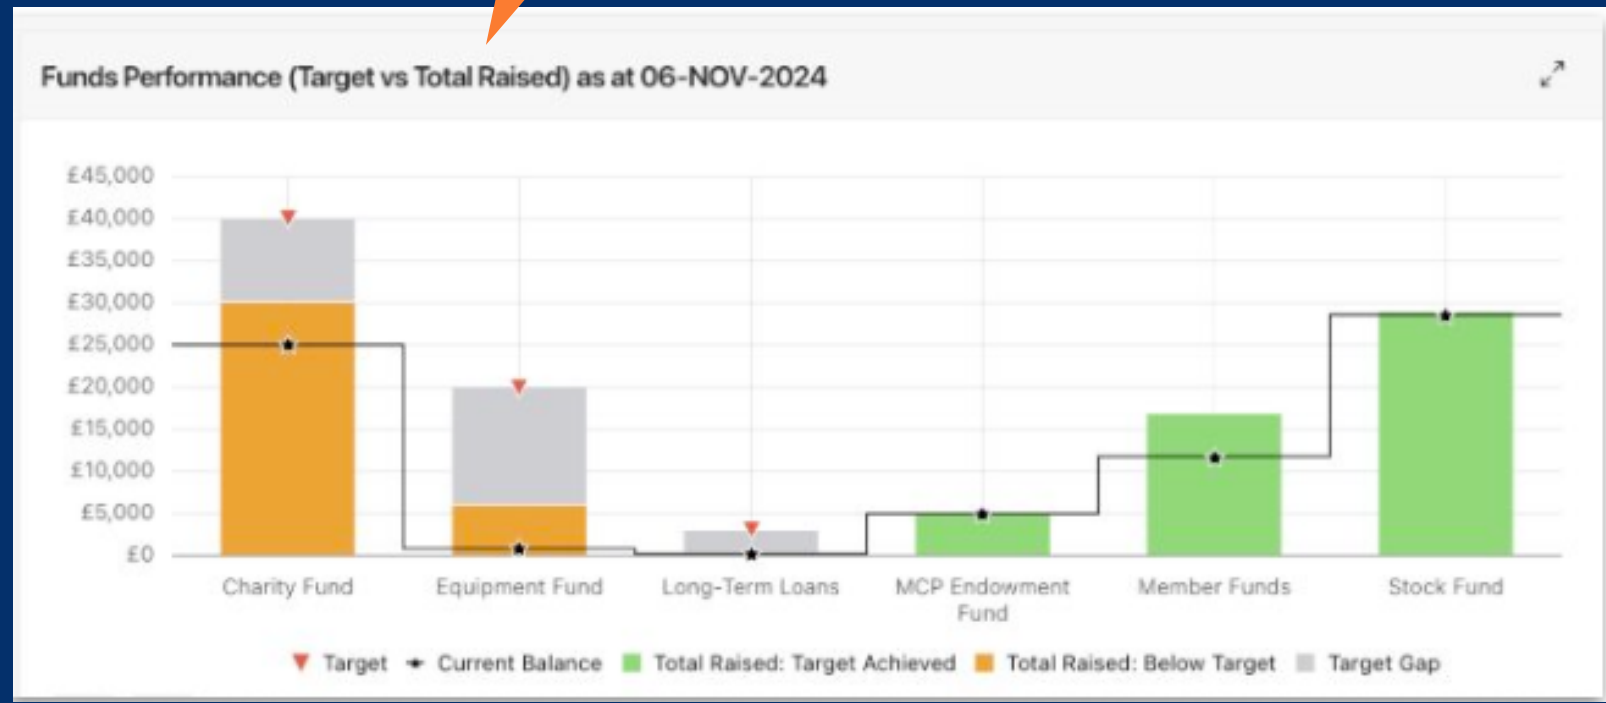

Theatre Group

"Loving this accounting tool...have replaced old excel spreadsheet based system = so good!"

When I took on the role I had no accounting records (Im not entirely sure what my predecessors did!) but the use of ClubTreasurer has been a life saver and as my data has built up and your development of the software has evolved it has helped shape our decisions at the club. So thanks!"
